

250.670 Power to promulgate regulations and standards.

The Commissioner shall have the power to promulgate, alter, or rescind any rules or regulations for the enforcement of KRS 250.650 to 250.720 and the following matters:

- (1) Standards or specifications regarding the calcium carbonate content of agricultural limestone as determined by chemical analysis, and in conformity to acceptable United States Department of Agriculture standards;
- (2) Size of particles of limestone as measured by wire mesh screen determination, and in conformity to acceptable United States Department of Agriculture standards;
- (3) Furnishing of reports and information necessary for the department to carry out the provisions of KRS 250.650 to 250.720.

Effective: June 16, 1960

History: Created 1960 Ky. Acts ch. 160, sec. 3, effective June 16, 1960.
