

262.096 Budget reports -- What to include.

In its biennial report to the state budget officer, the Soil and Water Conservation Commission shall, in addition to the requirements of existing law, state:

- (1) The number and acreage of districts in existence or in process of organization;
- (2) An estimate of the number and probable acreages of the districts which may be organized during each of the two (2) ensuing fiscal years;
- (3) A statement of the balance of funds, if any, available to the commission and to the districts; and
- (4) The estimates of the commission as to the sums needed for its administrative and other expenses and for allocation among the several districts during each of the two (2) ensuing fiscal years.
