

61.545 Service credit determination -- Purchase of service credit for fractional year's service for members who began participating before January 1, 2014 -- Choice of system -- Division of service credit.

- (1) The board shall determine by appropriate administrative regulations how much service in any year is the equivalent of a year of service credit and how much service in any calendar month is the equivalent of a month of service credit. It shall not allow credit for more than one (1) year of service for all service rendered in any period of twelve (12) consecutive months except as provided in KRS 61.546 and in subsection (2) of this section.
- (2)
 - (a) Employees participating in one (1) of the state-administered retirement systems who are or have been employed by a school board participating in the County Employees Retirement System, a state-operated school under KRS Chapter 167, a participating community action agency, or a Kentucky institution of higher education which participates in the Kentucky Employees Retirement System, and who receive service credit for less than twelve (12) months each year, may purchase the additional months of service credit needed to total one (1) year of service credit except the amount purchased shall not exceed three (3) months. The employee may purchase the service credit by paying the retirement system a delayed contribution payment. Employees who have service credit prior to July 1, 1992, or their employers, the state-operated school under KRS Chapter 167, the Kentucky institution of higher education, or the school board may purchase service credit on behalf of the employee for previous years by paying the retirement system the delayed contribution payment.
 - (b) The cost of service under this subsection may be paid by both the employer and employee. The employer shall pay fifty percent (50%) of the cost and the employee shall pay fifty percent (50%) of the cost. The payment by the employer shall not be deposited to the member's account. Service credit shall not be credited to the member's account until both the employer's and employee's payment are received by the retirement system.
 - (c) If the employee has purchased service credit under this subsection based on months reported by the employer for the fiscal year, and an audit of the employee's account reduces the number of months of service credit for which the employee is eligible to no fewer than nine (9) months, the employee shall retain credit for the months purchased unless the employee is ineligible for any service in the fiscal year. The employee shall be eligible to purchase the additional months under this subsection to total one (1) year.
 - (d) This subsection shall not apply to members who begin participating in the systems administered by Kentucky Retirement Systems on or after January 1, 2014.
- (3)
 - (a) An employee who is simultaneously eligible for membership in more than one (1) retirement system administered by the Kentucky Retirement Systems may, at his option, choose to participate in only one (1) of those systems. The choice, once made, shall remain in effect so long as the employee is eligible

for membership in more than one (1) system.

- (b) If the employee participates in more than one (1) of the retirement systems administered by the Kentucky Retirement Systems, the employee's service credit shall be divided between each system determined by dividing the employee's creditable compensation in each system by the employee's total creditable compensation in all systems.
- (c) If the employee earns creditable compensation in both a hazardous position, as defined by KRS 61.592, and a nonhazardous position, the employee's service credit shall be divided between the employee's hazardous and nonhazardous positions determined by dividing the employee's creditable compensation in the hazardous and nonhazardous positions by the employee's combined hazardous and nonhazardous creditable compensation.
