- (1) The Council on Postsecondary Education shall have all the powers and authority, not explicitly prohibited by statute, necessary and convenient to carry out and effectuate the purposes of KRS 164.6019 to 164.6041, including but not limited to:

 - (c) Notwithstanding the provisions in paragraph (a) of this subsection, the commissioner of the Department of Commercialization and Innovation shall approve the contracts issued by the Council on Postsecondary Education regarding the structure of programs and funding levels in those programs administered by a science and technology organization and created in KRS 154.12-320, 164.6021, 164.6029, and 164.6037.

The annual report shall be coordinated with the monitoring report by the Department of Commercialization and Innovation indicating progress made through investments, and shall include but not be limited to reporting on the progress made in achieving each program's purposes, qualitative and quantitative information concerning the applications received, projects approved and undertaken, companies served, and

funding amounts invested in each project or program, as appropriate, and findings and recommendations to increase each program's effectiveness in achieving its purposes.

- (6) All records related to the administration of the programs created in KRS 164.6021, 164.6029, and 164.6037 shall be deemed property of the council and shall be deemed open records and subject to public inspection under KRS 61.870 to 61.884.
