

12 KAR 4:120. Definition of "percentage."

RELATES TO: KRS 250.366(17)

STATUTORY AUTHORITY: KRS 250.421

NECESSITY, FUNCTION, AND CONFORMITY: To prescribe an unambiguous way of using the term "percentage" on a fertilizer label.

Section 1. The term of "percentage" by symbol or word, when used on fertilizer labeling shall represent only the amount of individual plant nutrients in relation to the total product by weight. (11 Ky.R. 512; eff. 11-13-84.)
