HOUSE OF REPRESENTATIVES

KENTICKT GENERAL ASSEMBLY AMENDMENT FORM MINISTER OF M

Amend printed copy of **HB 338**

Beginning on page 1, line 3, and continuing through page 18, line 4, delete all language after the enacting clause and insert in lieu thereof the following:

"→SECTION 1. A NEW SECTION OF KRS CHAPTER 278 IS CREATED TO READ AS FOLLOWS:

The intent of Sections 1 to 6 of this Act is to maintain reliable electricity generation and keep jobs, businesses, and investment opportunities in the Kentucky energy sector by:

- (1) Continuing to use the most reliable sources for electricity generation as possible;
- (2) Promoting energy independence and security; and
- (3) Stabilizing long-term energy prices and reducing economic risks to electric utility customers in Kentucky.
- →SECTION 2. A NEW SECTION OF KRS CHAPTER 278 IS CREATED TO READ AS FOLLOWS:

As used in Sections 1 to 6 of this Act:

- (1) "Commission" means the Public Service Commission;
- (2) "Reliable energy" means electricity generated from a source that is always available on site or is delivered in advance and stored on site where the electricity is generated.

 "Reliable energy" does not include electricity generated from sources that are intermittent in availability or delivered on demand; and

- (3) "Retail electric supplier" has the same meaning as in KRS 278.010.
- →SECTION 3. A NEW SECTION OF KRS CHAPTER 278 IS CREATED TO READ AS FOLLOWS:
- (1) Each retail electric supplier shall be subject to the requirements of this section and shall,

 by the end of the calendar year specified, achieve the requirement for reliable energy for

 that year, as follows:
 - (a) In calendar year 2019, seventy percent (70%) of the average of Kentucky retail electric sales for 2017 and 2018 shall be from reliable energy purchased or generated by that retail electric supplier;
 - (b) In calendar year 2022, seventy-two and one-half percent (72.5%) of the average of

 2020 and 2021 Kentucky retail electric sales shall be from reliable energy

 purchased or generated by that retail electric supplier; and
 - (c) In calendar year 2025 and thereafter, seventy-five percent (75%) of the average of

 2023 and 2024 Kentucky retail electric sales shall be from reliable energy

 purchased or generated by that retail electric supplier.
- (2) No certificate of public convenience and necessity authorizing the construction of new or expanded generating capacity shall be granted to a retail electric supplier that is not in compliance with subsection (1) of this section, unless the authorization is necessary to achieve compliance with subsection (1) of this section.
- →SECTION 4. A NEW SECTION OF KRS CHAPTER 278 IS CREATED TO READ AS FOLLOWS:
- (1) Electricity generated using one (1) or more types of reliable energy may be utilized to satisfy the requirements of subsection (1) of Section 3 of this Act.
- (2) If electric generation employs multiple energy sources, only that portion of the electricity produced that is attributable to reliable energy may be used to comply with the reliability

requirements of Section 3 of this Act.

- (3) Electricity attributable to reliable energy that is generated or purchased by the retail electric supplier from a generating facility that became operational before the effective date of this Act may be used to comply with the reliability requirement for that supplier.
- →SECTION 5. A NEW SECTION OF KRS CHAPTER 278 IS CREATED TO READ AS FOLLOWS:

By January 1, 2018, and on January 1 biennially thereafter, each retail electric supplier shall file an implementation plan with the commission, describing the manner in which that supplier will comply with the reliability requirements of Section 3 of this Act.

- →SECTION 6. A NEW SECTION OF KRS CHAPTER 278 IS CREATED TO READ AS FOLLOWS:
- (1) Commencing on January 1, 2020, and on January 1 of each year thereafter, each retail electric supplier shall submit to the commission an annual report that provides information relating to the actions taken by the utility during the previous calendar year to comply with the reliability standard in Section 3 of this Act.
- (2) The commission shall promulgate administrative regulations pursuant to KRS Chapter

 13A regarding the form, submission, and information to be contained in each annual report. At a minimum, the annual report shall include the following:
 - (a) The total number of megawatt-hours sold to retail electric customers in Kentucky;
 - (b) The total number of megawatt-hours of electricity sold to retail customers in Kentucky that qualifies as reliable energy;
 - (c) The percentage of the electric utility's total Kentucky retail sales that the amount set forth under paragraph (b) of this subsection represents; and
 - (d) A summary demonstrating how compliance with Section 3 of this Act has been achieved.

- (3) (a) Concurrent with the submission of each report under this section, each retail electric supplier shall make a copy of the report available on its Web site.
 - (b) Beginning September 1, 2025, and on September 1 of every fifth year thereafter, the commission shall file with the Legislative Research Commission a report that includes all of the following information:
 - 1. A summary of data collected under this section;
 - 2. The status of reliable energy in Kentucky;
 - 3. For the total reliable energy portfolio, the cost of reliable energy compared to the average cost of electricity in Kentucky;
 - 4. An evaluation of the change in electricity rates as a result of Sections 1 to 6 of this Act; and
 - 5. A description of the impact that the adoption of the reliability requirements

 has had on employment in Kentucky. The commission shall consult with

 other appropriate agencies, including the Cabinet for Economic

 Development, the Finance and Administration Cabinet, and the Labor

 Cabinet in the development of this information."
