

241.140 Functions of county administrator -- Jurisdiction.

The functions of each county administrator shall be the same, with respect to local licenses and regulations, as the functions of the board with respect to state licenses and regulations, except that no regulation adopted by a county administrator may be less stringent than statutes relative to alcoholic beverage control or than the regulations of the board. If any city appoints its own administrator under KRS 241.170, the county administrator in that county shall have jurisdiction over only that portion of the county which lies outside the corporate limits of that city, unless the department determines that the city does not have an adequate police force of its own or under KRS 70.540, 70.150, 70.160, and 70.170.
