

148.770 Coordination with national trails system.

Nothing in KRS 148.610 to 148.780 shall preclude a component of the state trails system from becoming a part of the national trails system. The commissioner shall coordinate the state trails system with the national trails system and is directed to encourage and assist any federal studies for inclusion of the state's trails in the national trails system. The commissioner may enter into written cooperative agreements for joint federal-state administration of a state component of the national trails system, provided such agreements for administration of land uses are not less restrictive than those set forth in KRS 148.610 to 148.780.
