

18A.420 Approval of pilot personnel programs.

Within thirty (30) days of July 15, 1994, the Personnel Steering Committee shall begin accepting applications for pilot personnel programs from organization units within eligible Executive Department agencies. Prior to final approval of a pilot program, the committee shall consult with the secretary of the Personnel Cabinet. After consulting with the secretary, the committee shall make its final selections and report them to the Career Service System Task Force. Upon notification by the steering committee, the secretary shall take any administrative action deemed necessary to accomplish the implementation of the selected programs.
